

## Biography presentations 100 point project

With a partner you will research a famous deaf person. You will write a one page biographical sketch highlighting the major events in that person's life and why they are important to the deaf community. It should be typed and double spaced. You will need three references. You will also create a PowerPoint on this person. It should include pictures (at least one of the person), important life events, what they are famous for, and why this is important to the deaf community. Then using your PowerPoint and paper you will present *in sign* your person to the class. Your presentation should be between 2-5 mins. You will use the information you have learned on how to present life stories and narrative sequences. Both partners need to present. You will have two days of class time plus whatever outside time you need to prepare.
