

Dream Home presentations 40 points

Due Thurs/Fri. Sept. 22/23

You will design (draw) the floor plan for your dream home. It has to have a minimum of a kitchen, bedroom, living room, bathroom, hallway, and laundry room. (more is more fun....) Please make it fun and a real dream home. It can have anything in it (movie room, chocolate fountain room...) and it doesn't have to be physically possible. (i.e. swimming pool on the second floor)

This will be presented in front of the class. When you sign it, I am looking for the following things:

Starting reference points

Signer's perspective

Use of space

Room names (signs not fingerspelled)

Correct formation of signs

The following vocab usage:

Across from

Next to

Area

To the right and/or left

Down the hall

I need a copy of the floor plan while you are signing. (so make two....)
