

Life Stories presentation 60 points

Presentation should be 2 – 5 minutes in length. Use correct ASL grammar and correct articulation of signs.

Should include:

Born when and where

Tell about life events referring to

Age

Event

Year

Sequence

Later on

Unexpected event (wrong)

End with current situation and future plans

Remember facial expressions, head tilts, pauses (non manual markers)

Have fun, if you are enjoying it, so is your audience

While watching other's stories think of questions to ask them. Be quiet and respectful and attentive. You are also graded on your audience participation.
