

PAIR PRACTICE

Think of five famous people and describe them to your partner as if you've forgotten their names. Follow the guidelines for describing people given in Unit 8, and use role shifting when describing personality, mannerisms, or things the person has said or done. Continue until your partner recognizes the person and spells the name.

COMPREHENSION**Winning Numbers**

Try your luck. We'll give you not one chance, but *five* chances to win!

Watch the characters on screen as they announce the winning numbers (all numbers are between 50 and 100). Stop the tape and write the numbers below. After filling in all the numbers, check them with the Answer Key (page 182). Count how many numbers you read correctly, and write the number correct in the column on the right.
